## From the Principal

### School overview

Gayndah State School is a Band 6 school located in the Wide Bay Burnett area and is set in a rural community approximately 150 kilometres west of Maryborough. Gayndah has a town population of approximately 1,300 with a local shire population of around 3,000. It is noted as Queensland's oldest town, having been settled in 1848. The school has a long and proud history having been opened in 1863. One of the original school buildings built in 1861 still stands. It is one of the oldest schools still operating in Queensland and has seen many generations of families attend. Gayndah State School operates as part of the North Burnett cluster of State Schools in curriculum, sporting and cultural activities and forms part of the Central Queensland region. The Gayndah School Community is very supportive of school activities with many parents attending most activities especially sports activities. The school participates in a wide range of community events such as Annual Sports Tour, Biennial Orange Festival and ANZAC Day services. The Parents and Citizens Association is very active and supportive. They are consulted on important school issues and involved in the school decision-making process through relevant processes. Gayndah State School provides and supports a School Chaplaincy program which supports students requiring pastoral care. Regular, high attendance to 'Chappy Corner' indicates its popularity. A proactive values based social skilling program called Growing Generation Gayndah (3G) continues to focus on implementation of fortnightly lessons on values and school rules. This program was once again recognised at the Regional Showcase in Education Awards for Excellence in Inclusive Education for the second year in a row. The anti-bullying procedures at Gayndah State School are an addition to Growing Generation Gayndah. This means that all students are being explicitly taught the expected school behaviours and receiving high levels of social acknowledgement for doing so. Adding lessons on bullying and how to prevent and respond to it is a subset of procedures that our students are already accustomed to. Our Responsible Behaviour Plan for Students also includes cyber-bullying. To complement this, a Behaviour Support Teacher continues to work with a range of students in both proactive and reactive support programs.

| Enrolment continuity (Feb. – Nov.) | 93%  | 92%  | 94%  |

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

### Average class sizes

Table 2: Average class size information for each phase of schooling

| Phase of schooling | 2017 | 2018 | 2019 |
|--------------------|------|------|------|
| Prep – Year 3      | 23   | 19   | 26   |
| Year 4 – Year 6    | 23   | 23   | 24   |
| Year 7 – Year 10   |      |      |      |
| Year 11 – Year 12  |      |      |      |

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

| Type of school disciplinary absence | 2017 | 2018 | 2019 |
|-------------------------------------|------|------|------|
| Short suspensions – 1 to 10 days    | 7    | 5    | 6    |
| Long suspensions – 11 to 20 days    | 0    | 0    | 0    |
| Exclusions                          | 0    | 0    | 0    |
| Cancellations of enrolment          | 0    | 0    | 0    |

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

| Utility category  | 2016–2017 | 2017–2018 | 2018–2019 |
|-------------------|-----------|-----------|-----------|
| Electricity (kWh) | 94,161    | 84,254    | 104,163   |
| Water (kL)        | 3,590     |           | 1,827     |

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

#### Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links
